

Hermann Sons Dance

Give Their Fourteenth Annual Ball at the Armory Hall.

It Was a Glorious Success

Was as Brilliant if Not More so Than Its Predecessors—Many Out-of-Town People Present.

For fourteen years the Hermann Sons have never missed giving their annual ball and each year they have worked hard to make the party outdo the former in every point. That the one given last night at the Light Guard armory was as big a success and even outdid the former efforts of the lodge is the unanimous opinion of those who have been in the habit of attending the parties of late years. The older members of the order who attended the parties given in the earlier days when the society was in its youth say that it was entirely different from the old balls, but nevertheless it was just as jolly and from well indications and expressions of opinion on all sides it could not have been more enjoyable.

To be sure there was not as many quadrilles and the comparatively new two-step has taken the place of some of the old style dances, but the old timers were out in full force and they had a good time as well as the young people. The attendance could not have been more satisfactory and the efforts of the committee having the party in charge, to get out the crowd were crowned with success. The large attendance made the event a financial success and as far as the social end of it goes it could not have been more satisfactory. Several sleigh loads from Hancock and Houghton and quite a delegation from Lake Linden were on hand and in for a big time.

It didn't take the crowd long to get warmed up. The first two or three dances got the crowd fairly started and by the time the orchestra played the two-step, "There'll be a Hot Time in the Old Town," the dance was going merrily on and things were commencing to hum in good old style. From then until the party broke up a few short hours before dawn this morning it was one continual "hot time" and every dance was better than the previous one.

It is needless to say that the music was good. It was furnished by Karkett's Ideal orchestra, and as several of the favorite dances were applauded until they were compelled to play an encore, it is evident that the crowd was more than pleased. Mr. Riney acted as prompter to the satisfaction of all concerned.

At supper time the inner man was taken care of in a proper manner by John F. Schroeder of the Auditorium, who furnished a supper fit for even "Us Germans."

The Pastor's Resignation.

A meeting of the Congregational church of Red Jacket, to take some action in regard to the resignation of their pastor, Rev. S. T. Morris, will be held next Tuesday evening at the church. A meeting was held last evening, when it was reported that considerable of the money which the church was behind, had been pledged by friends of the church on condition that the reverend gentleman could be prevailed upon to reconsider his action and withdraw his resignation.

A special in the Milwaukee papers yesterday from De Pere stated that Rev. J. W. Savage announced that he would tender his resignation as pastor of the Congregational church at that place next Sunday. Mr. Savage was formerly pastor of the church here and has many friends in the city who wish him well in whatever field he may now enter. At De Pere Mr. Savage was located at the home of his parents.

Drug Stores to Close Early.

A movement which has been on foot here for some time to close the drug stores at a reasonable hour in the evening has met with success. Heretofore the stores had no regular hour of closing and the clerks were compelled to work until all hours of the night. All the druggists have agreed to close their places of business at 9 o'clock in the evening with the exception of Saturday evening when there is no specified time. As all the stores have agreed it will not hurt the business of any of them and will give the employees part of the evenings to enjoy themselves. The new rule goes into effect tomorrow evening and it would be well for all patrons of the drug stores to bear it in mind.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with a gripe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a case of consumption. Having Dr. King's New Discovery in store, and seeing lots of it, he took a bottle home, and to his surprise she began to get better from first dose, and half down

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

dollar bottles cured her second and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at D. T. MacDonald's drugstore.

Mr. and Mrs. Christopher Bushnell of Laurium, entertained a large party of their friends at their home on Kearsarge street last evening, the occasion being the fifth anniversary of their wedding and they wished to celebrate the wedding event in good style. That the guests were right royally entertained goes without saying as the smile on the faces of any of those who attended is an indication that they had a good time. During the evening refreshments were served and it was a late hour when the guests took their departure, wishing Mr. and Mrs. Bushnell many such happy anniversaries.

"I take pleasure in recommending Chamberlain's Cough, Cholera and Diarrhoea Remedy to all who suffer from pains in the stomach," says Mr. Milt McKinley, editor of the Rawson, (Ohio) Herald. "Until I used this remedy it was at times, impossible for me to be in my office, owing to attacks lasting from one to two days. By taking it as soon as the first symptoms of the attack are felt, I no longer suffer this unpleasant sickness. For sale by Sodergren & Sodergren, Druggists."

The News has no desire or intention of stating that Mr. Furnas, of the National Church Mutual Fire Insurance Association of Lisbon, Iowa, is not what he professes to be, an honest man, but if his association is not authorized to do business in this State what recourse would the one insured have should a dispute arise between him and the company. It does seem that any pastor advising his people to insure in any such company is going outside in ministerial vocation.

Advertising should never be suspended or decreased when business is dull. It is directly opposed to the successful practice of the art. Judicious advertising not only averts bad seasons, but the greatest success has been achieved by shrewd dealers who continue to let the public know what they have to sell no matter what the condition of trade or the money market may be.

When you cannot sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by Sodergren & Sodergren, Druggists.

The race at the Superior ice rink in Laurium next Friday evening promises to be the best of the season as all the fast skaters of the county are sure to enter. The Laurium band was in attendance at the rink last evening and will be there every night this week.

Ed Hocking was out from Hancock yesterday and as usual was full of baseball talk. He is glad to see the movement for a club started here and can see no good reason why Calumet should not keep up with the procession in this regard.

Messrs. Leland, Towle & Co., the brokers and bankers of Boston and New York, have issued a pocket manual showing the stocks which paid dividends during the past year and which will come very handy to speculators and others.

The News is in receipt of an official map of the state, compiled under the supervision of the state commissioner of railroads, and for which Senator Robinson has our thanks.

Mrs. Fred L. Plumb of Leachfield, Conn., who was visiting with her sisters, Mesdames Blue and Murray, for last month, left for her home on the afternoon train.

Anthony Coppo departed this morning on his way to Clinton, Wis., and other points to visit the farm and spend a few weeks away on matters of business.

Have you seen that swimming pool in the Y. M. C. A. building yet. Just "drop in" some evening between 9 and 10 and see the young men "drop in."

Mr. and Mrs. Thomas M. Lyons visited with friends at Lake Linden yesterday driving down in the afternoon.

FOR SALE—The McKinzie property on Scott street. Apply to W. C. Kinsman.

Charles Jackola was a business visitor at Lake Linden yesterday.

IS COFFEE

As Ordinarily Made Injurious To The Health.

The Best Authorities

agree that the "Tannic Acid," produced by boiling coffee is injurious. This can be avoided by using a

Canister Coffee Mill

and powder the coffee to be used, then pour boiling water through the coffee which can be easily done by using

AFILTER COFFEE POT

Anyone can thus make the justly famous Drip Coffee.
